

ALASKA ARCTIC CARIBOU

In the arctic circle of NE Alaska one of the last great populations of Barren Ground caribou are found. We access these vast caribou herds using privately owned super cubs to fly our clients from a remote air strip to the base camp, and then out to spike camps. We do these hunts only in August before the September snows fly and make air travel impossible and treacherous. Hunters can take one caribou bull in their package and shoot a second bull on a trophy fee basis. We also have a tremendous local arctic grizzly population and combination hunts are available to hunters who book them well in advance. We welcome rifle, archery, and muzzleloader hunters to come experience Alaska's best caribou hunt next season. Please call our office for more information on these hunts.

Barren Ground Caribou Package \$7,500.00
+ License/Tag Fees

Grizzly/Caribou Combo Package \$17,500.00
+ License/Tag Fees

(Hunts include meals, lodging, guides, air charters to camp from town, optional Second Caribou Trophy Fee)
