

# MONTANA MULE DEER

We have multiple private ranches in eastern Montana where we offer a true mid to late November peak of the rut mule deer hunt. Packages include meals, lodging, guides, and field care of meat and trophy. We target mature age category bucks and our clients get to look at several deer each day and be selective in their harvest. These are large private properties that are managed for quality deer and trophy deer. Please call our office to discuss dates and availability for the upcoming season.

## Montana Mule Deer Hunt \$5,950.00

(Does not include non-resident deer license fee, 1x1 upgrade available)
