

NEW MEXICO TROPHY ELK

100% Private Lands - Guaranteed Tags

We book our clients to hunt on a large private ranch in northern New Mexico that is probably one of the most elite private ranches for wildlife in the state. This ranch is located in the heart of a large resident elk population and it falls directly in the path of multiple migratory elk herds. Hunters stay in a comfortable lodge where there are single and double occupancy bedrooms with private bathrooms, full staff and chef prepared meals. This ranch is also surrounded by large tracts of private lands that are heavily grazed by cattle, however this ranch is not grazed, has phenomenal grasses and impressive water improvements with ponds everywhere. This attracts many of the local elk to a cattle free high quality food source property. Archery hunts are offered in September and rifle hunts run from early October through December. The guide staff is knowledgeable and professional and hunter success rates are nearly 100% every season. Please contact our office for details, dates, and availability for the coming season.
