

SOUTHWEST WYOMING TROPHY ELK

90,000 ACRES PRIVATE LAND

Our clients looking for a private lands hunting package with upscale lodging facilities and outstanding hunting will find our SW Wyoming hunt a notch above the rest. Hunting on over 90,000 acres of private lands from a luxurious log built lodge our clients access the hunting areas by 4wd trucks and Polaris Ranger 4x4 during the September archery and October rifle elk seasons. The Wyoming licenses are only available thru the draw process and we handle all application between December 15 and January 20 each year, the draw results are available February 20th. This area typically requires one preference point to reliably draw a license 100% so we recommend booking 18-24 months in advance so we can purchase your preference points and ensure your drawing of an elk license!
