

# COLORADO TROPHY MULE DEER

## RANCHING FOR WILDLIFE PROPERTIES

The Colorado Ranching for Wildlife program allows us an extended season and guaranteed hunting licenses. We can rifle hunt for mule deer from early September through late December each year, including the peak of the rut in November and as they head to winter range areas in December. We target mature mule deer bucks and hunt them when they are most easily located. All of our RFW properties have nice lodging facilities and top notch guide crews. These ranches have very limited tags and we recommend hunters book early to make sure they can get a guaranteed license! Call our office for more information on these hunts.
