

ALASKA PENINSULA BROWN BEAR

#1 Brown Bear Hunt in the World

Our areas and guides on the Alaskan Peninsula provide the very best TROPHY brown bear hunts in the world. The quality areas, combined with professional guides, means our clients will kill big bears.

The Alaska regulations allow for spring hunts between May 10-31 in even numbered years (2018, 2020, 2022) and fall hunts from October 1-21 during off numbered years (2017, 2019, 2021).

We offer ten day guided hunts on a very limited basis with an emphasis on hunting for the biggest bear we can find. We refer to this hunt as the "World Series of Bear Hunting".

Ten Day Brown Bear Hunt \$21,000.00
