

# NORTHWEST TERRITORIES MOOSE

We offer helicopter based moose hunts in three different concessions in the NWT. By using a helicopter to locate big bulls in remote valleys we can set a hunter and guide into a spike camp directly in the prime spot to start hunting the next day. We target the biggest bulls and take some of the best trophies each fall during this amazing hunt. The cost is all inclusive of license, tag, tax, and helicopter during the course of your hunt. Please contact our office for dates, details, and availability for the coming seasons.

**NWT Helicopter Moose Hunt \$25,000.00**
